Des Arc News.
We have had the biggest flood ever known in the history of this country. Big Creek washed away thousands of bushels of corn, hay and some wheat. Water was all over the lower end of Des Arc; water was from 8 inches to 2 feet in the houses, 3 feet in the barns. It has simply ruined the roads. It washed away our wire bridge on Big Creek. Mrs. Amalia Marie Dinger.

Died-At Ironton, at the residence of her son-in-law, Mr. Pearl Hill, on Sunday, August 23d, 1915, at 6:15 p. m. Mrs. Amalia Marie Dinger, aged 73 years.

Deceased was born at Mine La Motte, August 22, 1842, whence in her girlhood days she moved to Middlebrook, and April 27, 1859, was united in marriage with the late Judge Franz Dinger. They took up their abode in Ironton, then newly established, and lived here until the end came-first to him, and then to her. To this union were born ten children, seven of whom survive, together with 28 grandchildren and two great-grandchildren. The husband had long preceded her to that "undiscovered" country from whose hours no traveler returns, and she bravely took upon herself the burden of caring for the family. In return, when sickness came upon her, she was tenderly provided for by those upon whom she had lavished a mother's care and protection. Her life was kind and peaceful and she now rests in the sleep that knows no waking.

Obituary.
Andrew Jackson Palmer was born in Bellevue, Mo., January 28, 1829, and died August 26, 1915, aged 86 years, 6 months and 28 days. He died within half a mile of where he was born, being the oldest native born man in Iron County.

He united with the First Baptist Church at Bellevue in 1886 of which church he was a deacon for over forty years. The daily labors that occupied his time in looking after the material things of life were never too urgent to prevent him giving a portion of his time and labor for the welfare of his church. No meal was ever too humble for him to first return thanks before partaking of it and he was a firm believer in the family altar, one of his supreme joys being to assemble his family for evening prayers at the close of day.

Although the "Silver cord is loosed-the wheel is broken at the Cistern," the loving acts of kindness, religious influence and godly example of his noble life will live long after him.

His body was laid to rest in Edison Cemetery beside that of his cherished wife who preceded him to the grave only three weeks, after sixty-one years of true wedded bliss. R.

Card of Thanks.
We desire to acknowledge the many acts of kindness and expressions of sympathy expressed by the good people of Bellevue during the dark hours of our sorrow and bereavement in the loss of our dear father, grandfather and uncle, A. J. Palmer.

The tie raft on Black River broke up and ties are lying in corn fields from one to two miles out in back of town and some times farther, as the river backed up to Piedmont. I have no doubt but there is many a tie up in Piedmont out of that drive of a hundred and fifty thousand. There are five thousand or more in Perryman's corn crop, which will be lost in back of town. The bridge at Leeper, Missouri, of the Missouri Southern Railroad was carried away, clean and clear, the river was bigger than ever was known before, or is said to be by old men who were reared on the river.
